

SHAPES UNLIMITED, INC.
giving shape to your ideas

FABRICATION SERVICES

-When time and money matters-

Shapes Unlimited can help you with the construction of your next project. Our staff of highly skilled craftsmen have years of experience working with a wide array of materials and have built our reputation as an industry leader. High quality standards, economical pricing and quick turn-around times are standard procedures with **Shapes Unlimited**.

Select from a variety of stock fiberboard shapes or fax us a drawing of your project and we'll assemble and finish the complete component. We work with several vendors of high pressure laminates and natural wood veneers to provide custom finishes to your design. Our components are manufactured with a great deal of consideration to the smallest details. This detail-oriented thinking enables us to continuously select the best materials and offer the highest quality product. From bases and pedestals, to columns, kiosks or store fixtures, we know the market and put our experience to work for you.

Thank you for choosing **Shapes Unlimited** and we look forward to helping you and your company.

RAW FIBERBOARD SHAPES

- for your custom creations -

Shapes Unlimited maintains a complete inventory of fiber tubes. Choose from a wide variety of stocked geometric shapes in various sizes or we will cut the tubes to your custom sizes. These fiber tubes are constructed with multiple layers of heavy weight fiberboard. Their layered construction creates durability and allows sections of tube to combine with other substrates in order to create attractive components with radius corners.

Our tubes are wax free which allows you to finish them with paint or high pressure laminates. They can also be covered with various natural wood veneers. The tubes are an excellent substrate for the construction of columns, table bases, kiosks, P.O.P. displays, store fixtures and exhibit components. Let **Shapes Unlimited** provide the raw materials to get you started on your next project.
